# Somesh Tiwari

## About me

First-year B.Tech IT student passionate about backend development and building scalable web applications. Strong in JavaScript, Node.js, and databases like MongoDB. Seeking an internship to gain real-world experience and contribute meaningfully to impactful projects.

## Projects

### QuickShare – File Sharing App [link](#)

- Built a Node.js, Express, MongoDB based file-sharing web app.
- Implemented secure file uploads, download links, and Cloudinary storage with EJS templating.

### BunkBook – Attendance & Timetable App [link](#)

- Developed a student utility app connected with CyberVidya backend.
- Features: Attendance tracking, class bunk calculator, and dynamic timetable updates.
- Worked on backend APIs, database integration, and scheduling logic.

## Education

### Senior Secondary (12th), 2023 – 94.6%

G.P.M.S.V.M Inter College, Unnao

🏆 Top 6 rank in district, awarded by District Magistrate

## Achievements

- Top 6 in Unnao district (12th boards), 2023
- Felicitated by District Magistrate
- Selected in GDG events, participated in Hackathons

## Experience

### Backend Developer Intern

Sarvagaya Community – Vākya Saṅgam App

(07/2025 – 09/2025)

- Developed backend for Vākya Saṅgam app using Express.js & MongoDB.
- Implemented database modeling, authentication, and REST APIs.
- Improved performance, scalability, and security in collaboration with the team
